- Durable and stylish metallic finish projects an elegant look and feel

- Incredible

Beauty

Elegant aluminum designs and gorgeous wide-view displays

High-quality materials with premium finishes make N Series laptops both stylish and strong. The ripple-effect speaker mesh projects artistic beauty and echoes sound excellence, showcasing appealing aesthetics and better audio. Up to Full HD displays with wide viewing angles make sharing of content with friends and family easy, while anti-glare coatings relieve eye strain and reduce fingerprint smudges from multi-touch gestures.

Sound

SonicMaster Premium with quad-speaker array

ASUS SonicMaster audio technology, incorporating ICEpower®, Bang & Olufsen technology, brings you the best-ever laptop sound. New N Series laptops are the first with a quad-speaker array. This generates spacious and cinematic-quality surround. And for deep bass, you get the bundled external SonicMaster subwoofer, which pumps out thumping low notes. For flexible user-controlled and automatic sound tuning, ASUS includes MaxxAudio sound processing tools and the AudioWizard utility. Easily change sound settings or choose one of several presets based on personal preference: the N Series makes sure everything sounds better.

Response

Top-speed performance and fast resume

Powerful 4th generation Intel® Core™ i5 and i7 processors accelerate everything you do with seamless multitasking. N Series has discrete NVIDIA® GeForce® high-performance graphics, too, for enjoying your favourite movies and games rich detail. ASUS Super Hybrid Engine II technology gives true two-second resume times from sleep mode and two-weeks standby with automatic data backup for when the battery does eventually run out. All this juicy hardware is cooled by a dual-exhaust rear venting thermal design that keeps heat and noise to a minimum.

- Incredible

Touch

Intuitive fingertip control

Large touchpads also make navigation easy on N Series laptops and exclusive ASUS Smart Gesture technology with full multi-touch support for intuitive control with Windows 8. Stylish keyboards feature variable backlighting, too, illuminating on demand make typing in dark lighting conditions a cinch.

Cloud

Your own cloud: store, share, and sync with ease

With ASUS WebStorage, you have easy storage, sharing, and syncing of everything from business presentations to photo albums and favorite multimedia content. N Series laptops also feature ASUS WebStorage to easily store your files across all your devices. ASUS MyBitCast application is preinstalled, too, so you can easily sync your content across multiple accounts.
