

HP ProLiant ML10 Server

1P tower with the right performance and features at exceptional value

Competitively priced

- Server-class performance, cost effective, and HP iLO 3 remote management

Expandable

- Excellent flexibility, fast-turn SKU availability, easy installation

Built-in reliability

- Data protection in a durable chassis

Product overview

Are you looking for server-class performance and reliability at a low acquisition cost?

The HP ProLiant ML10 Server is a single-socket 4U tower server. It delivers great value in a large form factor for your business to run a small-scaled network environment. With an ideal number of slots and storage options, it is the perfect server for budget-conscious businesses looking to better manage their data with little resources. The ML10 Server can reduce operational costs and improve productivity while providing a higher level of data protection.

Key features and benefits

Low acquisition cost, ideal for the budget conscious

- *Cost-effective:* Ideal for the budget-conscious businesses looking to purchase their first HP server.
- *Server-class performance and features:* Perfect for those looking to better manage their data to improve overall efficiency and productivity.
- *HP iLO 3 remote management:* Allows network administrators to easily check and update servers from outside the office, eliminating travel expenses.

Right balance of expandability and efficiency

- *Excellent flexibility:* Provides space for two large form factor (LFF) hard disk drives, seven USB ports, and four I/O slots, delivering many years of expandability for businesses.
- *Fast-turn SKU availability:* Enables large-volume opportunities.
- *Easy installation and removal:* Allows easy installation and removal, while enabling business expansion with minimal effort.

Optimal computing with built-in reliability, supported by HP professionals

- *Data protection:* Comes standard with error correcting code (ECC) memory that protects business from data loss and unplanned system downtime.
- *RAID capabilities:* Smart Array controller options with redundant array of inexpensive disks (RAID) mirroring and striping capabilities to protect critical storage data.
- *4U chassis:* Allows for maximum air flow to reduce any chance of component failure.
- *Expertise:* Provides access to the expertise and guidance provided by the HP global network of channel partners.

Technical specifications

ENERGY STAR®	No
Product name	HP ML10 G2130 1P 2 GB Server
SKU part number	730651-XX1
Model differentiator	(1) ML10 G2130 processor
Drive description	Max 4 LFF (3 LFF + 1 Optical Drive convert to LFF)
Optical drive	Optional Half-height SATA DVD-ROM JackBlack (Depending on HDD Configuration)
Processor cache	(3) GB L3
Processor number	(1) Intel® Pentium® G2130
Processor core available	2
Network controller	HP NC112i 1-Port Ethernet Server Adapter
USB port	(7) USB 2.0 support (2 front, 1 internal, and 4 rear)
Memory slots	(4) DDR3 DIMM slots
Memory max	32 GB
Memory standard	2 GB (1x2 GB) UDIMM
Memory type	1Rx8 PC3-12800E-11
Storage controllers	HP Smart Array B110i SATA RAID
Expansion slots	(4) PCIe slots For detailed descriptions, refer to the QuickSpecs
Management	HP iLO 3 Standard, Insight Control (optional)
Power supply type	(1) 300 Watts 80+ Bronze non-hot plug, non-redundant power supply
Warranty (parts/labor/onsite)	1/1/1
What's in the box	(1) ML10 (1) Intel Pentium G2130 processor, (1) 2 GB memory (1) LFF SATA hard drive (1) HP NC112i PCIe Gigabit Server Adapter (1) Integrated HP Smart Array B110i SATA RAID storage controller (1) 300 W non-redundant power supply
